

1

Would you support a comprehensive adult Medicaid dental benefit that includes access to routine / preventive oral health care?

Yes

2

Please explain your answer.

I believe healthcare is a human right (including oral health care) so this fits in line w/ my beliefs.

3

Recognize and regulate non-dentist oral health providers (for example, support the integration of dental therapists according to HB2235)?

Yes

4

Integration of and provision of oral health services in non-traditional settings (for example, pediatric offices, schools, mobile clinics, etc.).

Yes

5

Empower AHCCCS to better enforce standards regarding access to oral health care.

Yes

6

Please explain your answers.

I voted YES on HB2235 and I support the other policies as well.

7

Oral health is an important part of overall health for both mother and child. Hormonal changes during pregnancy put pregnant women at higher risk for oral health issues. This disparity is exacerbated in low-income women, who may lack access to other key health supports. Research strongly suggests a link between gum disease and poor birth outcomes such as maternal high blood pressure, preterm delivery, and lower birth weight, which in turn increase overall health care costs. At present, low-income women who participate in Arizona's Medicaid program do not have access to comprehensive and affordable oral health care, despite several broadly-supported efforts by the legislature to provide this benefit. Would you support a comprehensive oral health benefit for pregnant women who participate in Medicaid?

Yes

8

Please explain your answer.

This also fits in line w/ my belief that health care is a human right.

9

How would you ensure oral health access is a priority in future state budgets?

This will require collaboration between legislators and oral health advocates to ensure that this remains a priority in budget negotiations.

10

What other actions would you take to promote oral health equity in Arizona?

I'm willing to be a vocal advocate and work in a stronger collaboration with oral health advocates/experts to raise awareness and promote this as a priority.
